Company Profile

Style Commercial Services has rapidly established itself as a leading commercial property solutions and maintenance provider, with extensive knowledge to deliver tailor-made service to meet the highest standards in the industry.

Situated in the heart of the Midlands serving Merseyside/Cheshire down to Oxfordshire and across central England, we are recognised by some of the UK's leading blue chip companies for providing years of quality facility maintenance solutions for our client's individual needs with rapid response teams ready to deploy 24 hours a day, 365 days a year, pulling out all the stops to fix the emergency of the hour and "save the day".

Planned and preventative maintenance schedules can also be provided to deliver cost effective solutions. All facilities management and refurbishment programmes can be consolidated under one umbrella, offering a single point of contact for all building needs.

To discuss your personal requirements, please feel free to contact us and arrange a meeting.

Maintenance

Day to day maintenance is co-ordinated by our operations support centre who are used to working with organisations of all sizes to help them achieve the very best in their business.

Our skilled workforce and customer focussed team provides support 24 hours a day, 7 days a week all year round.

We understand communication on jobs is key and combined with the latest software technology, we are able to provide real time reporting information on SLA's, KPI's and job progress.

From the original call to completion, our team is there to provide you with the peace of mind that your job is always taken care of.
